

# Problem of the Week

## January 14 – January 22, 2008

Mrs. Osborne wasn't able to watch the Giants game on Sunday, but she heard that the final score was 21-17.

Considering all the different ways to score points in football, how many ways could the Giants and Cowboys have achieved the final score?

**\*Please note: This week's problem is due Tuesday January 22, 2008\***
