# Saint David's School

## EMERGENCY CALL SYSTEM 2008-2009 School Year

The safety of the students, faculty and staff here at Saint David's School is one of our top priorities. For that reason, we have chosen to adopt the Saf-T-Net ALERTNOW Rapid Notification Service. This service will allow us to send a message to ALL of our students' parents on ALL of their contact numbers and e-mails simultaneously within minutes after an emergency or incident has occurred at the school. This will give you, the parent, peace of mind knowing that if an emergency should happen, you will be informed immediately.

The message that you will receive may be used to alert parents and other emergency contacts about situations occurring at the school. It may be used to give emergency instructions to parents regarding their child; we may also use ALERTNOW to send important non-emergency messages to parents on situations like school closings, early closings due to weather conditions, etc.

The message will only be as successful as the contact information we have for our students. For the message to be delivered successfully and in a timely manner, we are asking that all of our parents fill in the form below with all of their current contact information. The emergency numbers and e-mails will be used when we feel it is imperative that you, the parent, be contacted as soon as possible. Examples of numbers and e-mails can include home, mother's work, mother's cell, father's cell etc.

**Important: The ALERTNOW system can only accept direct dial numbers. If you have a direct dial number, please use that number. Numbers with extensions will not go through.**

**All the phone numbers and e-mails will be used simultaneously.**
